

## Halloween Cats Table Runner Pattern

Perfect for all of those Halloween scraps you have, this whimsical table runner is easy to assemble.

### Pattern Specifics

---

- Finished runner measures approximately 28" x 42"
- ¼ inch seam allowance is used

### Fabric Requirements

---

- Background Fabric: 7/8 yard
- Fabric for Cats: ¾ yard
- Fabric for Arrows: ¼ yard
- Backing: 1 ¼ yards

**Cutting Instructions** (*Note: If you want to make each cat a different fabric each one takes 10 smaller squares and 2 larger ones. The cutting listed is for all 8 cats.*)

---

Background Fabric:	146 squares cut 2 ½ inches by 2 ½ inches
	34 squares cut 3 ¼ inches by 3 ¼ inches
For the Cats:	80 squares cut 2 ½ inches by 2 ½ inches
	16 squares cut 3 ¼ inches by 3 ¼ inches
For the Arrows:	18 squares cut 3 ¼ inches by 3 ¼ inches

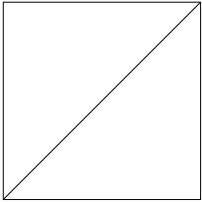

## *Create with Claudia*

Before assembling the entire table runner, make the half square triangles. Pair up the 3 ¼ inch squares as indicated for this step.

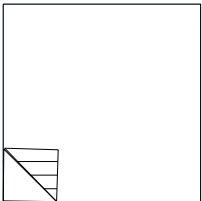

- Arrow fabric squares with background fabric squares: 18 pairs
- Cat fabric squares with background fabric squares: 16 pairs

### **Make the Half Square Triangles**

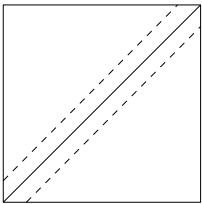

---

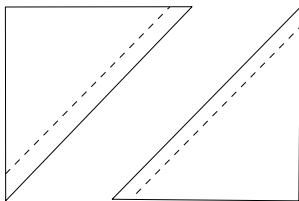

Using the pairs of 3 ¼ inch squares, draw a diagonal line on the back (wrong) side of the lighter square of fabric. This will be your sewing guide.

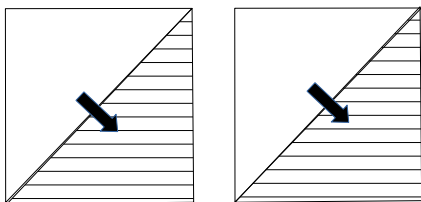

Take a pair and line up one of the squares of fabric on top of the other, with front (right) sides facing each other.

Using a ¼ inch seam allowance, sew along both sides of the diagonal line drawn.

Cut down the center, along the line that was drawn earlier. You will have two blocks that now need to be pressed open.

Trim the blocks down so they measure 2 ½ inches by 2 ½ inches.

## Create with Claudia

Repeat with all of the pairs of 3 ¼ inch squares. You will end up with 36 half square triangles made up of the arrow and background fabrics and 32 of the ones made up of the cat and background fabrics.

### Layout and Assembly

---

Lay out the squares in the design shown.

Sew together each column first. *Tip: Stay organized by labeling each column with a number. It's easy to get some of the squares turned around when assembling this table runner.*

Once the individual columns are sewn, join them together. Back and bind as desired.
