Use a  $\frac{1}{4}$  inch seam allowance

Fabric requirements listed are generous • Arrows indicate pressing direction

Cutting instructions are for all of the blocks needed for the month

Using a  $\frac{1}{4}$  inch seam allowance, sew along both sides of the drawn diagonal line.

Cut down the center, along the drawn line. You will end up with two blocks that need to be pressed open.

Trim them down to  $6\frac{1}{2}$  inches square. Repeat with the other pairs. You will end up with 8 half square triangles.

Lay out your blocks as shown and then sew together. Sew the individual rows together first and then join the rows. The block should measure  $18\frac{1}{2}$  inches.
